Andrzej Stewart, who has served as a crewmember for simulated space missions in the HERA, HI-SEAS, and Exploration Atmosphere analogs, will talk about what life is like as part of an analog crew, as well as what life may be like for astronauts living on Mars in the future.

Community Service Project Options

Choose One:

Clothes Cutting for Charity! (In the hotel, Room TBA) New Caney New Horizons is a vocational dayhab for adults with intellectual and developmental disabilities. They create disposable shop rags out of thrift store throwaways that are 50% cotton and higher (excluding denim and sweaters) to sell to local industries. These sales help to support their program as well as reduce the waste being sent landfills. Help them fill their orders by bringing your old t-shirts, towels, sheets, and sweats and a pair of scissors and learn how to cut rags for a cause! You must bring scissors to cut fabric.

Lighthouse Flash Sale Lighthouse Christian Ministries is dedicated to providing the resources and opportunities needed to help low-income and underserved individuals and families in the upper Galveston Bay area move toward self-sufficiency.
